

Kushed Bulletin

Issued by: Ku-ring-gai Community Workshop 'The Shed' Inc.

Date: 7 March 2015

Never too old

Looking at the parked vehicles of the shedders you find no two are the same. It would be an interesting study to find out what led each of us to choose that particular vehicle. One departure from the norm is John who rides a great looking bike.

A “wise old man” once said that we choose our cars on the external looks but you cannot see that when driving. Instead we should choose them from the inside; for it is there we spend most of the time with them. With a bike you ride it on the outside so you win either way.

Turramurra High School outdoor seating photos

Paul has made more photos available of this project.

Picture Framers class

Some 57 Shedders have attended these Introductions and have been "framed" over the past 2 years. This is the latest batch that graduated on 6th March 2015 under the tutelage of John and Paul.

Another satisfied customer

Sue lives with her retired air force pilot in "The Landings" North Turrumurra, which was initially a place intended for retired air force service men and women.

She wanted to erect a sign rather than a fence to safeguard a step between gardens.

She called the Shed and we obliged by making a treated pine sign. When she picked it up we received a generously donation of \$50 to the Shed.

Paul Lambert

After a long illness Paul was laid to rest on 27 December 2014. Many of us remember his dedication to making the most detailed wooden trucks and trains. He clearly enjoyed his time at the Shed for the toys feature prominently on his coffin. [More images](#)
