Missing Cast Iron Panels

This is a plea from Nick Stafford-Gaffney and JJ for information on the whereabouts of **Cast Iron Panels**.

The panels were delivered to the Shed by a client 2 to 3 months ago wanting us to weld several cracks. The panels were prepared and put aside in the Metal Working Room between the workbench and the Cold Cut Saw as we needed to talk with the client.

Last week, when we went to retrieve them they were nowhere to be found - apparently someone has moved them. If you have any information on the whereabouts of the panel please let one of the supervisors know, and they can pass it on to Nick or JJ. Alternative send an email to kushed@bigpond.com and the information will be forwarded.

Amazing Toolbox

[Here is a link to a video of an amazing toolbox which will make you want to go and fix everything](#)

This is some toolbox! It has everything you need for those DIY projects, including a wireless drill, electric saw, and more. Doubt that there's a Shedder out there who would see this toolbox and not want one.

Location: St Ives Showground, 450 Mona Vale Road, St Ives Telephone: (02) 9983-9732
